Agro-advisory for Western Rajasthan October, 2013

Agro-advisory:

- Farmers are advised to purchase good quality seed from reliable dealer or agricultural department.
- Prepare the field for early winter vegetable along with sowing of seeds in nursery for requirement of early winter vegetable sampling.
- Farmers who have good quality irrigation facility, they can grow winter vegetables and green fodder crop as cash crops.
- Farmers are advised to start field preparation for mustard crop by one deep plough and 2-3 cultivation. Farmers are advised for avoiding field where root parasite weed-Orobanche was present during last crop season.
- Farmers are advised to keep livestock in covered area during night hours.
