## Agro-advisory for Western Rajasthan September, 2013

### Agro-advisory:

- Prepare the field for early winter vegetable along with sowing of seeds in nursery for requirement of early winter vegetable sampling.
- Prepare the field for *rabi* crops specially mustard crop.
- In case of pulse crop can be start picking of mature pods and collect it at dry and protected place.
- Farmers are advised to irrigate as lifesaving from harvested rain water if required to *kharif* crops for avoiding the moisture stress.
- Farmers should be care of advance pregnant animals and supplemented with concentrate feeds as per requirement.
- Suggestion to harvest fodder crops.
